Process

The Finished Line, Inc. will take your mark-ups and convert them to AutoCAD (.dwg) files.

Your markups can be sent via fax, e-mail, or courier and taken from paper and converted into a professional format for your use.

At the end of each project, a DWG, PDF or DWF file of the plan will be emailed to you.

The Finished Line, Inc. offers quality services at very competitive prices. Drafting services start as low as **\$30 an hour**. We also offer flat rates on certain projects. * **

* Prints requested are printed out of house and a separate fee will be charged for plotting costs. The Finished Line, Inc. can also e-mail the completed file to a printing service near your office.

** Overnight delivery via UPS or FED EX will be billed to the client for cost of delivery. If client provides account number of couriers, no charge will apply.
